NOTICE TO CUSTOMERS: WATER RATE ADJUSTMENT

Effective for water used from 1 July 2025 · Issued 1 June 2025

Dear Customer,

At a public hearing on **14 May 2025**, the Board of Directors adopted **Resolution No. 2025-22**, adjusting water rates for the first time since 2021. The new rates apply to water used from 1 July 2025 and appear on bills mailed from August.

Why rates are changing

A cost-of-service study by Clearwater Rate Advisors found that current rates do not cover the Cooperative's capital program, which includes the rehabilitation of Pump Station 4 and the replacement of about 6.8 miles of cast-iron water mains installed in the 1960s, the same kind of main that broke on Alder Street in February.

Monthly residential rates

Charge	Current	From 1 July 2025
Base charge (per meter)	\$18.50	\$20.25
First 5,000 gallons (per 1,000 gallons)	\$4.10	\$4.45
5,001 to 15,000 gallons (per 1,000 gallons)	\$5.20	\$5.60
Above 15,000 gallons (per 1,000 gallons)	\$6.75	\$7.30

What it means for a typical household

A household using 6,000 gallons a month pays **\$48.10** instead of \$44.20, an increase of **\$3.90 per month**.

Help paying your bill

Households enrolled in a state energy or food assistance program can receive a credit of **\$10.00 per month** through the Customer Assistance Program. Apply at the Cooperative's office or call customer service.

Questions? Call customer service at (555) 010-2420, Monday to Friday, 8:00 a.m. to 5:00 p.m.

Sincerely,

Dana Okafor
